Fab Lab Safety

Safety During COVID-19

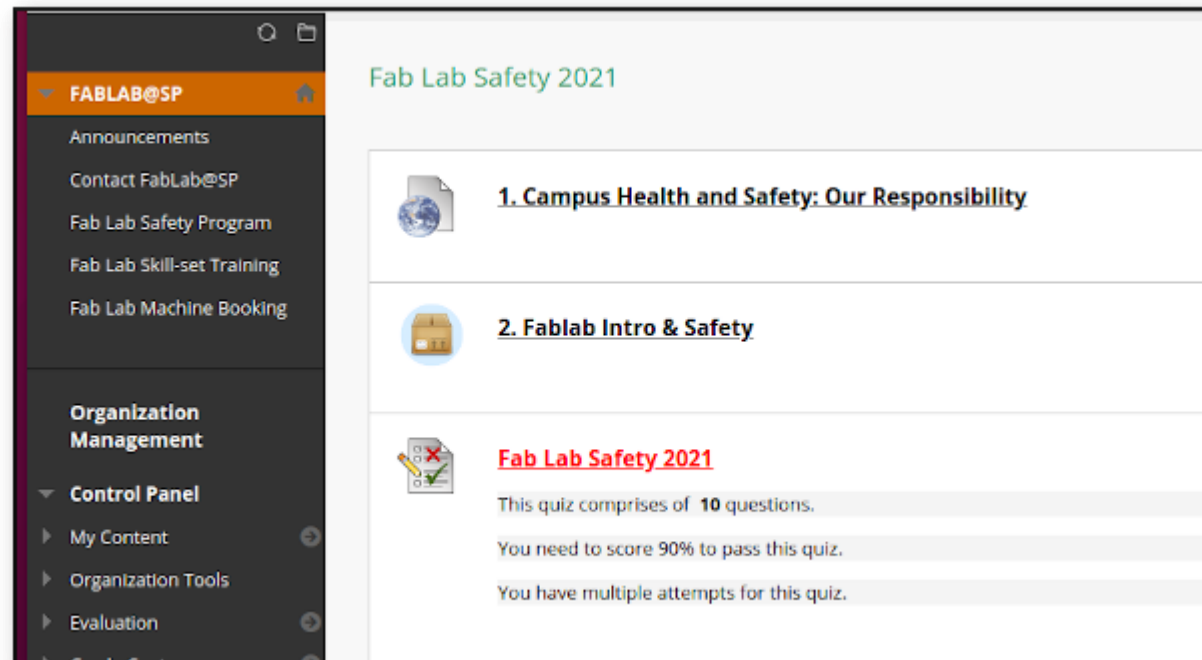

- Safety Issues to be observed during this period.

[COVID-19 Latest Information from MOH about coronavirus](#)

Safety Assessment 2021

- You need to complete ALL components

SP ESP > My Community > Fablab@SP > Fab Lab Safety 2021

Campus Safety and Health: Our Responsibility

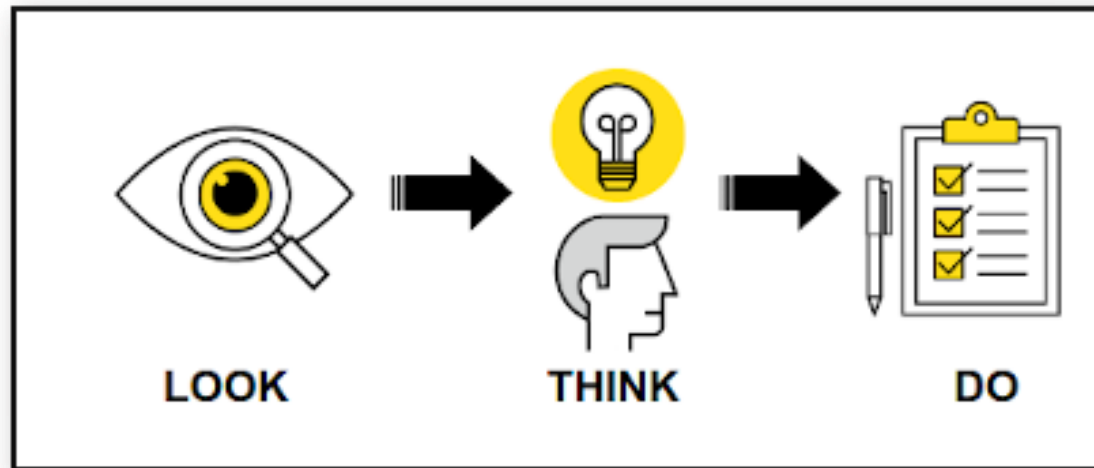

The banner features a grid of yellow caution signs at the top. On the left is an illustration of a woman in a black top and white skirt holding a yellow folder labeled 'SAFETY'. The main text reads 'Campus Safety and Health: Our Responsibility'. Below this, it says 'Brought to you by: Workplace Safety and Health Council (WSHC) WSH (Higher Education and Research) Working Group'. A row of logos for various institutions follows: Nanyang Technological University, NUS, SIT, SMU, SUSS, SUTD, Ngee Ann Polytechnic, Nanyang Polytechnic, Republic Polytechnic, Singapore Polytechnic, and Temasek Polytechnic. A blue 'Start' button is in the bottom right corner.

- Good to review at least **ONCE** a semester.

Fab Lab Safety

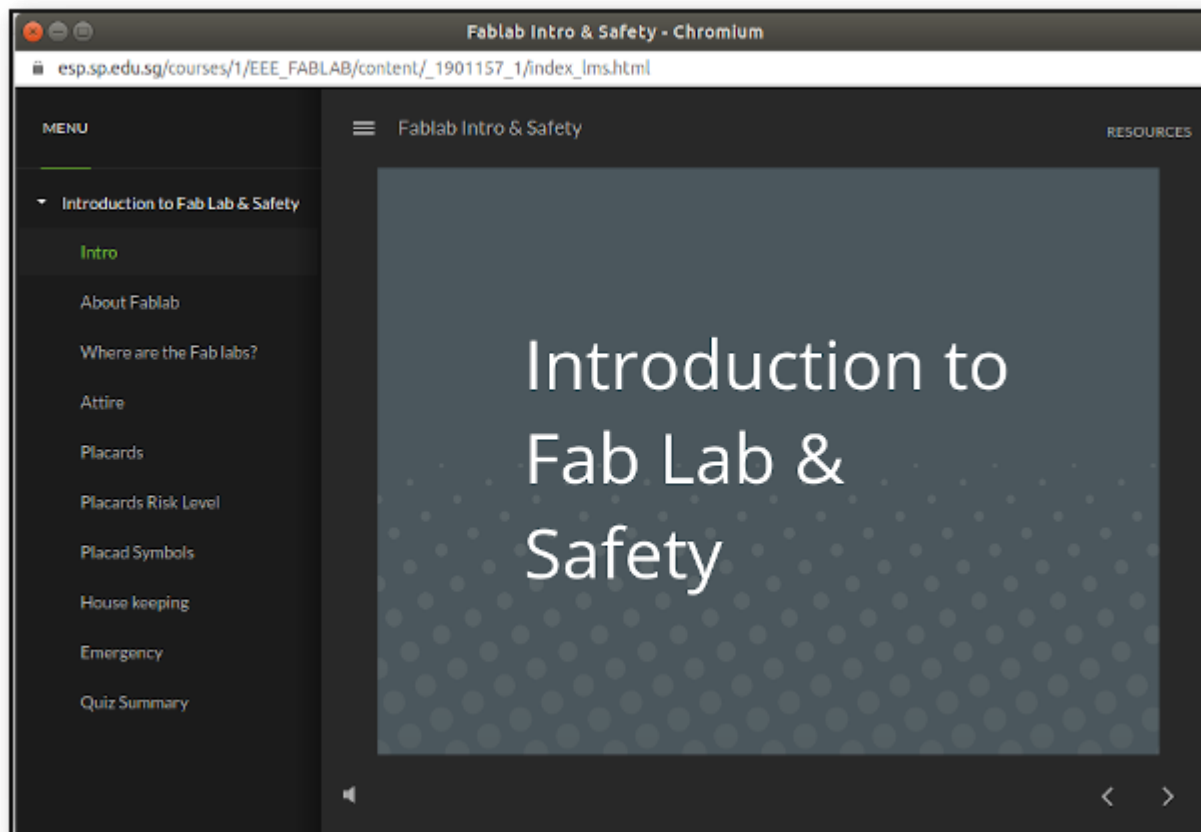

- Your well-being is the MOST important issue in the lab.
- We want to create an efficient, productive and safe environment for you to work in.
- **Look - Think - Do !**
